ALFRED H KNIGHT

# AGRICULTURE

ALFRED H KNIGHT SUPPORTS GLOBAL AGRICULTURAL TRADE THROUGH THE PROVISION OF INDEPENDENT INSPECTION, ANALYTICAL AND PRECISION AGRICULTURAL SERVICES.

We help clients to verify the quality, quantity and traceability of their commodities to minimise risk and ensure that integrity is maintained at each point of the supply chain.

## COMMODITIES

Our specialists are experienced in working with a range of agricultural commodities and can help you to ensure that your products are in contractual, food safety, social and environmental compliance. We can provide support with, but are not limited to:

- Fertilisers
- Feedstuffs
- Fibers
- Grains
- Oilseeds and Feed
- Oils and Liquids
- Soft Commodities

## MEMBERSHIPS/ASSOCIATIONS

**EXPERTS  
YOU CAN  
TRUST**

ALFRED H KNIGHT HAS BROUGHT EXPERTISE AND EXPERIENCE TO GLOBAL TRADE FOR OVER 140 YEARS

In that time, we have utilised our knowledge to develop and establish a position within the Agricultural sector as a leading provider of inspection, analytical and precision agricultural services.

From growers to consumers, clients trust Alfred H Knight to deliver an independent level of verification that can enable smooth trade. Our bespoke approach allows us to tailor our services to suit your individual needs, providing customised solutions.

OUR EXPERTS WORK TO RECOGNISED ISO METHODS AND FOLLOW STANDARD OPERATING PROCEDURES.

This enables us to deliver high-quality, independent services to our clients.

## INSPECTION SERVICES

When it comes to agricultural trade, integrity is key. Alfred H Knight employs a global network of experienced inspectors to help you independently verify the quantity and quality of your agricultural commodities.

We offer the following inspection and supervision services:

- Weight Determination
- Grain Processing Quality Control Monitoring for Intrinsic Grain Values and Damage Determination
- Vessel Loading and Discharge Control Supervision
- Hold Cleanliness Inspections and Ultrasonic Water-Tightness Testing
- Supervision of Incremental Sampling
- Storage Facility Inspections
- Stock Control Monitoring and Stock Inspections/Audits
- Hold inspection and loading supervision in line with Australian government quarantine standards

### *On-site inspection services:*

We also offer the following on-site inspection services:

- On-Site Inbound Sampling and Grading Services
- On-Site GMO Event Screening

- On-Site Feed Quality Analysis During Production
- Vessel Hold and Sublot Testing
- On-Site Moisture Detection Programs
- On-Site Rapid Testing Technology

## ANALYTICAL SERVICES

At Alfred H Knight, accuracy and speed are at the forefront of our analytical service offerings. This is why we operate strategically located laboratories around the globe to ensure all of our clients receive swift and accurate reporting.

Our analysts are well-experienced in a range of industry-specific tests and work to internationally recognised methods and standards to provide high-quality results. We can provide the following analytical services:

- Quality Parameters (Protein, Fat, Moisture)
- Oil analysis
- Fiber analysis
- Food safety and harmful substance detection
- Baking tests, protein quality and milling quality analysis
- On-site feed quality analysis during production.
- Vessel hold and sublot testing
- On-site moisture detection programs
- Physical Tests including sizing, uniformity of colour

- Analysis of primary nutrients and trace elements including heavy metals
- Moisture Determination
- Rapid NPK composition analysis

## PRECISION AGRICULTURE SERVICES
