# GENDER PAY GAP REPORTING.

**ALFRED H KNIGHT INTERNATIONAL (AHKI) PAYS COLLEAGUES THE SAME PAY FOR THE SAME JOB.**

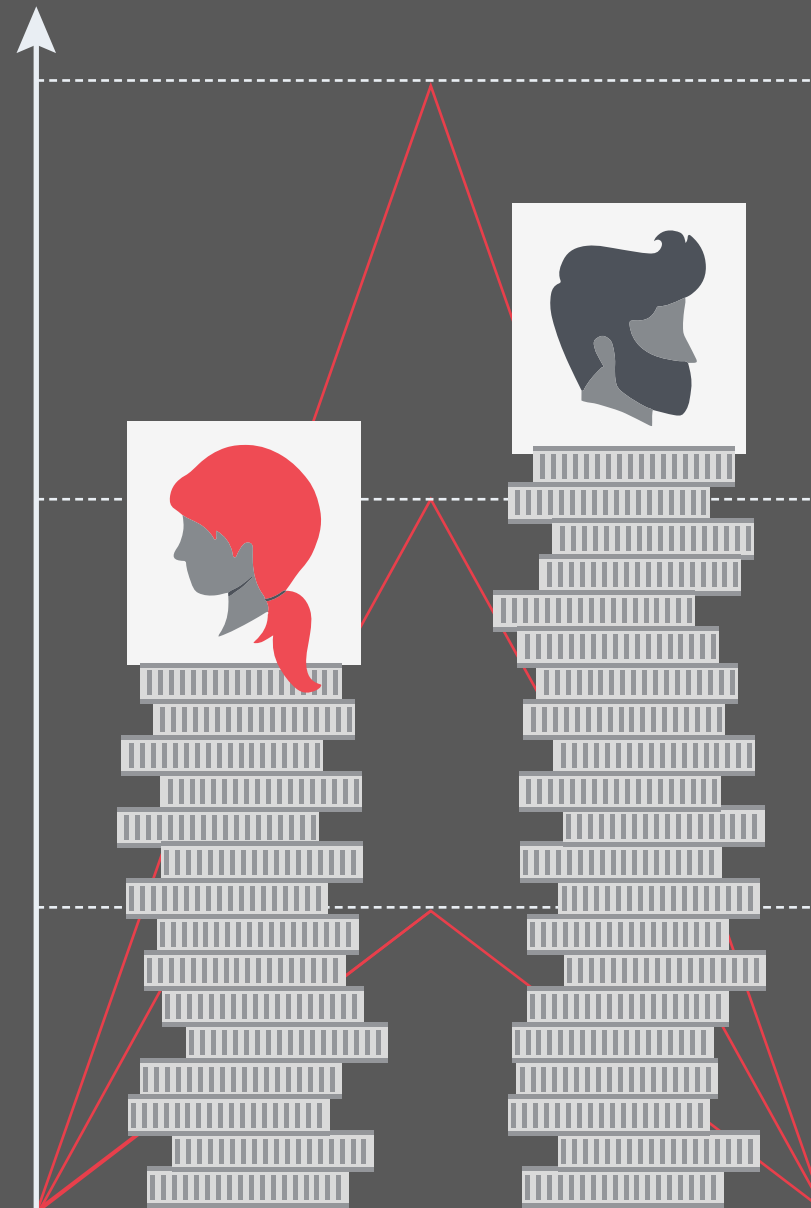

AHKI's gender pay gap is strongly influenced by the salaries and gender make-up of the professional, scientific and technical field it operates in.

The latest government workforce data shows an overall decrease in the percentage of women making up the Core-STEM workforce. In the most recently released government workforce data for the UK

\* The percentage of women in STEM (Science, Technology, Engineering and Mathematics) positions decreased, from 26.6% in June 2022 to 26% in March 2023.

AHKI believes in equal job opportunities for everyone, regardless of their gender. That is why we invest in developing and delivering inclusive leadership training for all UK managers.

# WHAT IS GENDER PAY AND HOW IS IT CALCULATED?

If all company employees were lined up in a female line and a male line, in order of pay from highest to lowest, the median gender pay gap compares the pay of the female in the middle of their line and the pay of the of the man in the middle of their line

The mean gender pay gap shows the difference in the hourly rate of pay between men and women in a company. This is different from equal pay.

**AHKI pays staff the same pay for the same job.**
